Reference: Wildlife Impact Summary - November 1992

Dear Mr. Hedberg:

We have no wildlife mortality to report during the month of November at our mine site.

Also, there were no spills or solutions detected in the leak detection systems.

I hope you appreciated last months deer hunting report. It was not intended to be pro or anti hunting, but just a change of pace. I personally enjoy viewing the deer herds along the roads at this time of year and also during the hunt while carrying a rifle.

Sincerely,

TENNECO MINERALS COMPANY-UTAH
